EXPERIENCE

SOFTWARE DEVELOPMENT ENGINEER | MASAI SCHOOL

May 2022 - Present | Bangalore, India

- Developed and maintained scalable software applications using JavaScript and React.
- Engineered and maintained InterviewPrime.ai dashboard interfaces using React and TypeScript.
- Developed B2B and B2C landing pages to align with team and business needs.
- Established a design system with Chakra-UI, enhancing UI/UX with reusable components.
- Integrated Google OAuth2.0 for efficient user authentication.
- Collaborated closely with multidisciplinary teams to gather requirements, conduct feature enhancements.

INSTRUCTIONAL ASSOCIATE AND SDE TRAINEE | MASAI SCHOOL

May 2022 - Nov 2022 | Bangalore, India

- Collaborating with senior engineers to understand best practices and industry standards
- Delivered 100+ group and 500+ one on one sessions covering React and advanced JavaScript to 800+ students within the timeline.
- Supported curriculum development and educational material creation. Provided student support and facilitated educational events.
- Contributed to developing course materials, increasing students engagement and comprehension by 15% through dynamic assignment's, quizzes and Projects.

PROJECTS / WORK

INTERVIEW PRIME

- Tech Stack:** React.JS | Node.JS | Typescript | MongoDB | Express.JS
- Key Contributions:**
 - Spearheaded the development of a dynamic dashboard using React, employing reusable components to enhance scalability and maintainability.
 - Implemented a comprehensive interview management system, introducing a clear segregation of interviews into distinct categories such as upcoming, pending, and completed interviews.
 - Contributed to creating an intuitive and user-friendly interface for navigating through different interview roadmaps, ensuring a seamless user experience.

GYMSHARK CLONE

- Tech Stack:** HTML | CSS | JavaScript | O-Auth | Node.js | Express.js | MongoDB
- Key Contributions:**
 - Successfully implemented robust sign-up and login functionalities utilizing JWT and OAuth for enhanced security and seamless user authentication.
 - Integrated and implemented a fully functional cart system, seamlessly connecting with the backend to ensure a smooth shopping experience for users.
 - Led the development of the entire backend infrastructure for the project, showcasing proficiency in server-side technologies and ensuring the overall system's reliability, performance, and scalability.

PROFESSIONAL SUMMARY

An ambitious and self-motivated web developer with a considerable technical skillset who possesses self-discipline and the ability to work with minimum supervision. Ability to play a key role in website development to ensure maximum accessibility, user experience, and usability. Seeking challenging opportunities where I can develop my skills whilst contributing to the growth of the organization.

EDUCATION

MASAI SCHOOL

Full Stack Web Development

Oct 2021 - May 2022 | Bangalore

SPPU PUNE UNIVERSITY

BE in Mechanical Engg (Distinction)

June 2015 - May 2018 | Sinhgad institute of technology, Lonavala, Pune

SKILLS

PROGRAMMING LANGUAGES :

JavaScript | TypeScript | Java

FRAMEWORK/LIBRARY:

React | Redux | Redux Toolkit | TailWind
CSS | Chakra | Node.js | Express.js |
Mongoose

DATABASE:

MongoDB | Firebase

OTHERS:

Data Structure and Algorithm, Object-Oriented Programming
